## main description

If you want to spend a relaxing moment on your own, with your lover or in family, then we will receive you for a stay long one night or more in our massive-wooden passive house.  
It is located in the wonderful village of Laneuville-au-Bois and it has an unrestricted view on the plains and of the Saint-Michel Freyr forest... Our bed and breakfast have a private entry, a sauna, a dining room, and a private living room which gives access to 4 rooms with all the modern conveniences among which a family suite. Each room has a bathroom, satellite television with over 800 channels, an internet socket, CMV ventilation, electric towel-dryer... The decoration is of mountain-cottage and nature style. All the materials are eco-friendly and the bad waves have been avoided as much as possible. Calm and peaceful nights are ensured. A copious breakfast with local products is on menu. It is possible to have simple meals, special meals or gourmet meals.  
As for classification, we got 3 "épis" because we lacked some square meters in the rooms. But let us tell you that all the rest corresponds to 4 or 5 "épis"!
